

WILDFOOD PROJECT TRAINING COURSES

ARE YOU INTERESTED IN DISCOVERING NEW OPPORTUNITIES FROM WILD FOREST PRODUCTS?

Wildfood project has **developed free online training courses** that describe, through presentations and interviews to the various stakeholders a set of supply chains dealing with wild and semi-wild foods.

The course will tackle the main socio-economic characteristics of the supply chains as well the most **innovative production techniques applied to pine nut, truffle and acorn.**

The courses will allow you to know in detail the most recent market trends, the main international legislative initiatives, as well as the main technical and economic elements necessary to implement an environmentally and socially sustainable business

To register to the training courses, fill in the following [form](https://forms.gle/mnQWj8XAtMddTnJp7) (<https://forms.gle/mnQWj8XAtMddTnJp7>) and within ten days you will receive your username and password to access the training courses. Participants may receive a certificate of achievement after successfully completing an on-line test.
